FOREWORD

This student handbook was developed to answer many of the commonly asked questions that you and your parents may have during the school year and to provide specific information about certain Board policies and procedures. This handbook contains important information that you should know. Become familiar with the following information and keep the handbook available for frequent reference by you and your parents. If you have any questions that are not addressed in this handbook, you are encouraged to talk to your teachers or the building principal.

This handbook summarizes many of the official policies and administrative guidelines of the Board of Education and the District. To the extent that the handbook is ambiguous or conflicts with these policies and guidelines, the policies and guidelines shall control. This handbook is effective immediately and supersedes any prior handbook and other written material on the same subjects.

This handbook does not equate to an irrevocable contractual commitment to the student, but only reflects the current status of the Board's policies and the School's rules as of September 27, 2013. If any of the policies or administrative guidelines referenced herein are revised after June 30, 2013 the language in the most current policy or administrative guideline prevails.

MISSION OF THE SCHOOL

“Dundee Elementary STUDENTS, through differentiated instruction, will LEARN the core standards, which will be measured with on-going assessments and supported by interventions.”

EQUAL EDUCATION OPPORTUNITY

It is the policy of this District to provide an equal education opportunity for all students.

Any person who believes that s/he has been discriminated against on the basis of his/her race, color, disability, religion, gender, or national origin, while at school or a school activity should immediately contact the School District's Compliance Officer listed below:

Mr. Bryan Schroeder
DHS Principal
734-529-7008 #14000

Complaints will be investigated in accordance with the procedures as described in Board Policy 2260. Any student making a complaint or participating in a school investigation will be protected from any threat or retaliation. The Compliance Officer can provide additional information concerning equal access to educational opportunity.

PARENT INVOLVEMENT

Dundee Elementary School encourages all parents to have an active role in their students' academic and social lives through involvement with the school.

STUDENT RIGHTS AND RESPONSIBILITIES

The rules and procedures of the school are designed to allow each student to obtain a safe, orderly, and appropriate education. Students can expect their rights to freedom of expression and association and to fair treatment as long as they respect those rights for their fellow students and the staff. Students will be expected to follow teachers' directions and to obey all school rules. Disciplinary procedures are designed to ensure due process (a fair hearing) before a student is removed because of his/her behavior.

Parents have the right to know how their child is succeeding in school and will be provided information on a regular basis and as needed, when concerns arise. Many times it will be the student's responsibility to deliver that information. If necessary, the mail or hand delivery may be used to ensure contact. Parents are encouraged to build a two-way link with their child's teachers and support staff by informing the staff of suggestions or concerns that may help their child better accomplish his/her educational goals.

Students must arrive at school on time, prepared to learn and participate in the educational program. If, for some reason, this is not possible, the student should seek help from Cindy Edelbrock, Director of Student Services.

STUDENT WELL-BEING

Student safety is a responsibility of the staff. All staff members are familiar with emergency procedures such as fire, lock down and tornado drills and accident reporting procedures. Should a student be aware of any dangerous situation or accident, s/he must notify any staff person immediately.

State law requires that all students must have an emergency medical card completed, signed by a parent or guardian, and filed in the School office. A student may be excluded from school until this requirement has been fulfilled.

Students with specific health care needs should deliver written notice about such needs along with proper documentation by a physician, to the School Office.

INJURY AND ILLNESS

All injuries must be reported to a teacher or the office. If minor, the student will be treated and may return to class. If medical attention is required, the office will follow the School's emergency procedures.

A student who becomes ill during the school day should request permission to go to the office. An appropriate adult in the office will determine whether or not the student should remain in school or go home. No student will be released from school without proper parental permission.

Homebound Instruction

The District shall arrange for individual instruction to students of legal school age who are not able to attend classes because of a physical or emotional disability.

Parents should contact the school administration regarding procedures for such instruction. Applications must be approved by Mr. Rubley, DES Principal. The District will provide homebound instruction only for those confinements expected to last at least five (5) days.

Applications for individual instruction shall be made by a physician licensed to practice in this State, parent, student, or other caregiver. A physician must: certify the nature and existence of a medical condition; state the probable duration of the confinement; request such instruction; present evidence of the student's ability to participate in an educational program.

SECTION I - GENERAL INFORMATION

ENROLLING IN THE SCHOOL

New students under the age of eighteen (18) must be enrolled by their parent or legal guardian. When enrolling, parents must provide copies of the following:

- A. a birth certificate or similar document,
- B. court papers allocating parental rights and responsibilities, or custody (if appropriate),
- C. proof of residency,
- D. proof of immunizations.

Under certain circumstances, temporary enrollment may be permitted. In such cases, parents will be notified about documentation required to establish permanent enrollment.

Students enrolling from another school must have an official transcript from their previous school in order to have credits transferred. Elementary office staff will assist in obtaining the transcript, if not presented at the time of enrollment.

Homeless students who meet the Federal definition of homeless may enroll and will be under the direction of the District Liaison for Homeless Children with regard to enrollment procedures.

New students eighteen (18) years of age or older are not required to be accompanied by a parent when enrolling. When residing with a parent, these students are encouraged to include the parents in the enrollment process. When conducting themselves in school, adult students have the responsibilities of both student and parent.

A student who has been suspended or expelled by another public school in Michigan may be temporarily denied admission to the District's schools during the period of suspension or expulsion even if that student would otherwise be entitled to attend school in the District. Likewise, a student who has been expelled or otherwise removed for disciplinary purposes from a public school in another state and the period of expulsion or removal has not expired, may be temporarily denied admission to the District's schools during the period of expulsion or removal or until the expiration of the period of expulsion or removal which the student would have received in the District had the student committed the offense while enrolled in the District. Prior to denying admission, however, the Superintendent shall offer the student an opportunity for a hearing to review the circumstances of the suspension or expulsion and any other factors the Superintendent determines to be relevant.

SCHEDULING AND ASSIGNMENT

The principal will assign each student to the appropriate classroom and program. Any questions or concerns about the assignment should be discussed with the principal.

EARLY DISMISSAL

No student will be allowed to leave school prior to dismissal time without a written request signed by a person whose signature is on file in the School office or the parent coming to the school office to request the release. No student will be released to a person other than a custodial parent(s) without written permission signed by the custodial parent(s) or guardian.

TRANSFER OUT OF THE DISTRICT

Parents must notify the principal about plans to transfer their child to another school. If a student plans to transfer from Dundee Elementary, the parent must notify the principal. Transfer will be authorized only after the student has completed the arrangements, returned all school materials, and paid any fees or fines that are due. School records, may not be released if the transfer is not properly completed. Parents are encouraged to contact the elementary office for specific details.

School officials, when transferring student records, are required to transmit disciplinary records including suspension and expulsion actions against the student.

WITHDRAWAL FROM SCHOOL

No student under the age of eighteen (18) will be allowed to withdraw from school without the written consent of his/her parents.

IMMUNIZATIONS

Students must be current with all immunizations required by law or have an authorized waiver from State immunization requirements. If a student does not have the necessary shots or waivers, the principal may remove the student or require compliance with a set deadline. This is for the safety of all students and in accordance with State law. Any questions about immunizations or waivers should be directed to the elementary office.

EMERGENCY MEDICAL AUTHORIZATION

The Board has established a policy that every student must have an Emergency Medical Authorization Form completed and signed by his/her parent in order to participate in any activity off school grounds. This includes field trips, spectator trips, athletic and other extra-curricular activities, and co-curricular activities.

The Emergency Medical Authorization Form is provided at the time of enrollment and at the beginning of each year. Failure to return the completed form to the school will jeopardize a student's educational program.

USE OF MEDICATIONS

In those circumstances where a student must take prescribed medication during the school day, the following guidelines are to be observed:

- A. Parents should, with their physician's counsel, determine whether the medication schedule can be adjusted to avoid administering medication during school hours.
- B. The Medication Request and Authorization Form 5330 F1, F1a, F1b, and F1c must be filed with the respective building principal before the student will be allowed to begin taking any medication during school hours.
- C. All medications must be registered with the principal's office.
- D. Medication that is brought to the office will be properly secured.

Medication may be conveyed to school directly by the parent or transported by transportation personnel (bus driver and/or bus aide) at parental request. This should be arranged in advance. A two to four (2-4) week supply of medication is recommended.

Medication MAY NOT be sent to school in a student's lunch box, pocket, or other means on or about his/her person, except for emergency medications for allergies and/or reactions.

- E. Any unused medication unclaimed by the parent will be destroyed by school personnel when a prescription is no longer to be administered or at the end of a school year.

- F. The parents shall have sole responsibility to instruct their child to take the medication at the scheduled time, and the child has the responsibility for both presenting himself/herself on time and for taking the prescribed medication.
- G. A log for each prescribed medication shall be maintained which will note the personnel giving the medication, the date, and the time of day. This log will be maintained along with the physician's written instructions and the parent's written permission release.

Asthma Inhalers and Epi-pens

Students, with appropriate written permission from the physician and parent, may possess and use a metered dose inhaler or dry powder inhaler to alleviate asthmatic symptoms. Epinephrine (Epi-pen) is administered only in accordance with a written medication administration plan developed by the school principal and updated annually.

Nonprescribed (Over-the-Counter) Medications

Note: Legal counsel advises that a school district may not be protected by statutory immunity without a doctor's prescription or order allowing the student to take non-prescription medication at school. If the District wishes to retain governmental immunity, the student handbook should state that a physician's prescription or order is necessary to allow students to take non-prescription medication at school.

Elementary (Grades Y5-4th)

No staff member will be permitted to dispense nonprescribed, over-the-counter (OTC) medication to any student.

Parents may authorize the school to administer a nonprescribed medication using a form which is available at the school office. A physician does not have to authorize such medication but all of the other conditions described above under prescribed medications will also apply to nonprescribed medications. The student may be authorized on the request form by his/her parent to self-administer the medication in the presence of a school staff member. No other exceptions will be made to these requirements.

CONTROL OF CASUAL-CONTACT COMMUNICABLE DISEASES AND PESTS

Because a school has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. The school's professional staff has the authority to remove or isolate a student who has been ill or has been exposed to a communicable disease or highly-transient pest, such as lice.

Specific diseases include; diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, and other conditions indicated by the Local and State Health Departments.

Any removal will only be for the contagious period as specified in the school's administrative guidelines.

CONTROL OF NONCASUAL-CONTACT COMMUNICABLE DISEASES

In the case of noncasual-contact, communicable-diseases, the school still has the obligation to protect the safety of the staff and students. In these cases, the person in question will have his/her status reviewed by a panel of resource people, including the County Health Department, to ensure that the rights of the person affected and those in contact with that person are respected. The school will seek to keep students and staff persons in school unless there is definitive evidence to warrant exclusion.

Noncasual-contact communicable diseases include sexually transmitted diseases, AIDS (Acquired Immune Deficiency Syndrome), ARC-AIDS Related Complex (condition), HIV (Human-immunodeficiency), HAV, HBV, HCV (Hepatitis A, B, C); and other diseases that may be specified by the State Board of Health.

As required by Federal law, parents will be requested to have their child's blood checked for HIV, HBV, and other blood-borne pathogens when the child has bled at school and students or staff members have been exposed to the blood. Any testing is subject to laws protecting confidentiality.

INDIVIDUALS WITH DISABILITIES

The American's with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act provide that no individual will be discriminated against on the basis of a disability. This protection applies not just to the student, but to all individuals who have access to the District's programs and facilities.

A student can access special education services through the proper evaluation procedures. Parent involvement in this procedure is important and required by Federal (IDEA) and State law. Contact Jeffery Rubley at 734-529-2350, #2225, to inquire about evaluation procedures and programs.

LIMITED ENGLISH PROFICIENCY

Limited proficiency in the English language should not be a barrier to equal participation in the instructional or extra-curricular programs of the District. It is, therefore the policy of this District that those students identified as having limited English proficiency will be provided additional support and instruction to assist them in gaining English proficiency and in accessing the educational and extra-curricular program offered by the District. Parents should contact Jeffery Rubley, at 734-529-2350, #2225 to inquire about evaluation procedures and programs offered by the District.

STUDENT RECORDS

The School District maintains many student records including both directory information and confidential information.

Neither the Board nor its employee's shall permit the release of the social security number of a student, or other individual except as authorized by law (see AG 8350). Documents containing social security numbers shall be restricted to those employees who have a need to know that information or a need to access those documents. When documents containing social security numbers are no longer needed, they shall be shredded by an employee who has authorized access to such records.

Directory information includes:

8330 - STUDENT RECORDS

In order to provide appropriate educational services and programming, the Board of Education must collect, retain, and use information about individual students. Simultaneously, the Board recognizes the need to safeguard student's privacy and restrict access to student's personally identifiable information.

Student "personally identifiable information" includes, but is not limited to: the student's name; the name of the student's parent or other family members; the address of the student or student's family; a personal identifier, such as the student's social security number, student number, or biometric record; other indirect identifiers, such as the student's date of birth, place of birth, and mother's maiden name; other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable

certainty; or information requested by a person who the District reasonably believes knows the identity of the student to whom the education record relates.

The Board of Education is responsible for maintaining records of all students attending schools in this District. Only records mandated by the State or Federal government and/or necessary and relevant to the function of the School District or specifically permitted by this Board will be compiled by Board employees. The Board hereby authorizes collection of the following student records, in addition to the membership record required by law:

- A. observations and ratings of individual students by professional staff members acting within their sphere of competency
- B. samples of student work
- C. information obtained from professionally acceptable standard instruments of measurement such as:
 - 1. interest inventories and aptitude tests,
 - 2. vocational preference inventories,
 - 3. achievement tests,
 - 4. standardized intelligence tests.
- D. authenticated information provided by a parent or eligible student concerning achievements and other school activities which the parent or student wants to make a part of the record
- E. verified reports of serious or recurrent behavior patterns
- F. rank in class and academic honors earned
- G. psychological tests
- H. attendance records
- I. health records
- J. custodial arrangements

In all cases, permitted, narrative information in student records shall be objectively-based on the personal observation or knowledge of the originator.

Student records shall be available only to students and their parents, eligible students, and designated school officials who have a legitimate educational interest in the information, or to other individuals or organizations as permitted by law. The term

"parents" includes legal guardians or other persons standing in loco parentis (such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the welfare of the child). The term "eligible student" refers to a student who is eighteen (18) years of age or older or a student of any age who is enrolled in a postsecondary institution.

In situations in which a student has both a custodial and a noncustodial parent, both shall have access to the student's educational records unless stipulated otherwise by court order. In the case of eligible students parents will be allowed access to the records without the student's consent, provided the student is considered a dependent under section 152 of the Internal Revenue Code.

A school official is a person employed by the Board as an administrator, supervisor, teacher/instructor (including substitutes), or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Board; a person or company with whom the Board has contracted to perform a special task (such as an attorney, auditor, or medical consultant); a contractor, consultant, volunteer or other party to whom the Board has outsourced a service otherwise performed by Board employees (e.g. a therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks (including volunteers).

"Legitimate educational interest" shall be defined as a "direct or delegated responsibility for helping the student achieve one (1) or more of the educational goals of the District" or if the record is necessary in order for the school official to perform an administrative, supervisory or instructional task or to perform a service or benefit for the student or the student's family. The Board directs that reasonable and appropriate methods (including but not limited to physical and/or technological access controls) are utilized to control access to student records and to make certain that school officials obtain access to only those education records in which they have legitimate educational interest.

The Board authorizes the administration to:

- A. forward student records, including any suspension and expulsion action against the student, on request to a school or school district in which a student of this District seeks or intends to enroll upon condition that the student's parents be notified of the transfer, receive a copy of the record if desired, and have an opportunity for a hearing to challenge the content of the record;
- B. provide "personally-identifiable" information to appropriate parties, including parents of an eligible student, whose knowledge of the information is necessary to protect the health or safety of the student or other individuals, if there is an articulable and significant threat to the health or safety of a student or other individuals, considering the totality of the circumstances;
- C. report a crime committed by a child with or without a disability to appropriate authorities and, with respect to reporting a crime committed by a student with a disability, to transmit copies of the student's special education records and disciplinary records including any suspension

and expulsion action against the student to the authorities and school officials for their consideration;

- D. release de-identified records and information in accordance with Federal regulations;
- E. disclose personally identifiable information from education records, without consent, to organizations conducting studies "for, or on behalf of" the District for purposes of developing, validating or administering predictive tests, administering student aid programs, or improving instruction;

Information disclosed under this exception must be protected so that students and parents cannot be personally identified by anyone other than representative of the organization conducting the study, and must be destroyed when no longer needed for the study. In order to release information under this provision, the District will enter into a written agreement with the recipient organization that specifies the purpose of the study. (See Form 8330 F14.)

While the disclosure of personally identifiable information without consent is allowed under this exception, it is recommended that whenever possible the administration either release de-identified information or remove the students' names and social security identification numbers to reduce the risk of unauthorized disclosure of personally identifiable information.

- F. disclose personally identifiable information from education records without consent, to authorized representatives of the Comptroller General, the Attorney General, and the Secretary of Education, as well as state and local educational authorities. The disclosed records must be used to audit or evaluate a federal or state supported education program, or to enforce or comply with Federal requirements related to those education programs. A written agreement between the parties is required under this exception. (See Form 8330 F16)
- G. request each person or party requesting access to a student's record to abide by the Federal regulations concerning the disclosure of information.

The Board will comply with a legitimate request for access to a student's records within a reasonable period of time but not more than forty-five (45) days after receiving the request or within such shorter period as may be applicable to students with disabilities. Upon the request of the viewer, a record shall be reproduced, unless said record is copyrighted, and the viewer may be charged a fee equivalent to the cost of handling and

reproduction. Based upon reasonable requests, viewers of education records will receive explanation and interpretation of the records.

The Board shall maintain a record of those persons to whom information about a student has been disclosed. Such disclosure records will indicate the student, person viewing the record, information disclosed, date of disclosure, and date parental/eligible student consent was obtained (if required).

Only "directory information" regarding a student shall be released to any person or party, other than the student or his/her parent, without the written consent of the parent; or, if the student is an eligible student, the written consent of the student, except those persons or parties stipulated by the Board policy and administrative guidelines and/or those specified in the law.

The Board shall exempt from disclosure directory information, as requested for the purpose of surveys, marketing, or solicitation, unless the Board determines that the use is consistent with the educational mission of the Board and beneficial to the affected students. The Board may take steps to ensure that directory information disclosed shall not be used, rented, or sold for the purpose of surveys, marketing, or solicitations. Before disclosing the directory information, the Board may require the requester to execute an affidavit stating that directory information provided shall not be used, rented, or sold for the purpose of surveys, marketing, or solicitation.

DIRECTORY INFORMATION

Each year the Superintendent shall provide public notice to students and their parents of the District's intent to make available, upon request, certain information known as "directory information." The Board designates as student "directory information":

- A. a student's name;
- B. address;
- C. telephone number;
- D. date and place of birth;
- E. major field of study;
- F. participation in officially recognized activities and sports;
- G. height and weight, if member of an athletic team;
- H. height if member of an athletic team;
- I. weight, if member of an athletic team which requires disclosure to participate;
- J. dates of attendance;

- K. date of graduation;
- L. awards received;
- M. honor rolls;
- N. scholarships;
- O. telephone numbers for inclusion in school or PTO directories;
- P. school photographs or videos of students participating in school activities, events or programs.

Parents and eligible students may refuse to allow the District to disclose any or all of such "directory information" upon written notification to the District within thirty (30) days after receipt of the District's public notice.

Whenever consent of the parent(s)/eligible student is required for the inspection and/or release of a student's education records or for the release of "directory information", either parent may provide such consent unless stipulated otherwise by court order. If the student is under the guardianship of an institution, the Superintendent shall appoint a person who has no conflicting interest to provide such written consent.

The Board may disclose "directory information" on former students without student or parental consent, unless the parent or eligible student previously submitted a request that such information not be disclosed without their prior written consent.

The Board shall not permit the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose).

The Board may establish online access for the parents or the eligible student to the student's confidential academic and attendance record. To authorize such access, the parents or the eligible student must sign a release (see Form 8330 F10). This release shall remind the parents or eligible student that the account and confidential information about the student is only as secure as they keep their account information. Neither the District nor its employees will be held responsible for any breach of this policy by the parent/eligible student or any unauthorized party.

The Superintendent shall prepare administrative guidelines to ensure that students and parents are adequately informed each year regarding their rights to:

- A. inspect and review the student's education records;
- B. request amendments if the record is inaccurate, misleading, or otherwise in violation of the student's rights;
- C. consent to disclosures of personally-identifiable information contained in the student's education records, except to unauthorized disclosures allowed by the law;

- D. challenge the Board's noncompliance with a parent's request to amend the records through a hearing;
- E. file a complaint with the United States Department of Education;
- F. obtain a copy of the Board's policy and administrative guidelines on student records.

The Superintendent shall also develop procedural guidelines for:

- A. the proper storage and retention of records including a list of the type and location of records;
- B. informing Board employees of the Federal and State laws concerning student records.

The Board authorizes the use of the microfilm process or electromagnetic processes of reproduction for the recording, filing, maintaining, and preserving of records.

No liability shall attach to any member, officer, or employee of this District specifically as a consequence of permitting access or furnishing student records in accordance with this policy and regulations.

Any entity receiving personally identifiable information pursuant to a study, audit, evaluation or enforcement /compliance activity must comply with all FERPA regulations. Further, such an entity must enter into a written contract with the Board of Education delineating its responsibilities in safeguarding the disclosed information. Specifically, the entity must demonstrate the existence of a sound data security plan or data stewardship program, and must also provide assurances that the personally identifiable information will not be redisclosed without prior authorization from the Board. Further, the entity conducting the study, audit, evaluation or enforcement/compliance activity is required to destroy the disclosed information once it is no longer needed or when the timeframe for the activity has ended, as specified in its written agreement with the Board of Education. See Form 8330 F14 and Form 8330 F16 for additional contract requirements.

Directory information can be provided upon request to any individual, other than a for-profit organization, even without the written consent of a parent. Parents may refuse to allow the Board to disclose any or all of such "directory information" upon written notification to the Board. For further information about the items included within the category of directory information and instructions on how to prohibit its release you may wish to consult the Board's annual *Family Education Rights and Privacy Act* (FERPA) notice which can be found on the district's web page.

Other than directory information, access to all other student records is protected by (FERPA) and Michigan law. Except in limited circumstances as specifically defined in State and Federal law, the School District is prohibited from releasing confidential education records to any outside individual or organization without the prior written consent of the parents, or the adult student, as well as those individuals who have matriculated and entered a postsecondary educational institution at any age.

Confidential records include test scores, psychological reports, behavioral data, disciplinary records, and communications with family and outside service providers.

Students and parents have the right to review and receive copies of all educational records. Costs for copies of records may be charged to the parent. To review student records please provide a written notice identifying requested student records to the elementary principal. You will be given an appointment with the appropriate person to answer any questions and to review the requested student records.

Parents and adult students have the right to amend a student record when they believe that any of the information contained in the record is inaccurate, misleading or violates the student's privacy. A parent or adult student must request the amendment of a student record in writing and if the request is denied, the parent or adult student will be informed of their right to a hearing on the matter.

Individuals have a right to file a complaint with the United States Department of Education if they believe that the District has violated FERPA.

Consistent with the Protection of Pupil Rights Amendment (PPRA), no student shall be required, as a part of the school program or the District's curriculum, without prior written consent of the student (if an adult, or an emancipated minor) or, if an unemancipated minor, his/her parents, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning:

- A. political affiliations or beliefs of the student or his/her parents;
- B. mental or psychological problems of the student or his/her family;
- C. sex behavior or attitudes;
- D. illegal, anti-social, self-incriminating or demeaning behavior;
- E. critical appraisals of other individuals with whom respondents have close family relationships;
- F. legally recognized privileged and analogous relationships, such as those of lawyers, physicians, and ministers;
- G. religious practices, affiliations, or beliefs of the student or his/her parents; or

- H. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program).

Consistent with the PPRA and Board policy, the Superintendent shall ensure that procedures are established whereby parents may inspect any materials used in conjunction with any such survey, analysis, or evaluation.

Further, parents have the right to inspect, upon request, a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the school to the student. The parent will have access to the survey/evaluation within a reasonable period of time after the request is received by the building principal.

The Superintendent will provide notice directly to parents of students enrolled in the District of the substantive content of this policy at least annually at the beginning of the school year, and within a reasonable period of time after any substantive change in this policy. In addition, the Superintendent is directed to notify parents of students in the District, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when the following activities are scheduled or expected to be scheduled:

- A. activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information for otherwise providing that information to others for that purpose); and
- B. the administration of any survey by a third party that contains one or more of the items described in A through H above.

The Family Policy Compliance Office in the U.S. Department of Education administers both FERPA and PPRA. Parents and/or eligible students who believe their rights have been violated may file a complaint with:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW 20202-4605
Washington, D.C.

Informal inquiries may be sent to the Family Policy Compliance Office via the following email addresses:

FERPA@ED.Gov; and
PPRA@ED.Gov.

STUDENT FEES, FINES, AND SUPPLIES

[The school] charges specific fees for the following noncurricular activities and programs. Such fees or charges are determined by the cost of materials, freight/handling fees, and add-on fees for loss or damage to school property. The school and staff do not make a profit, unless it is an approved fundraiser.

The District will provide all basic supplies needed to complete the required course curriculum. The student and/or his/her family may choose to purchase their own supplies if they desire to have a greater quantity or quality of supplies, or desire to help conserve the limited resources for use by others. The teacher or appropriate administrator may recommend useful supplies for these purposes. (See Policy 6152)

- Community Ed. Courses
- Intramurals

Fees may be waived in situations where there is financial hardship.

Students using school property and equipment can be fined for excessive wear and abuse of the property and equipment. The fine will be used to pay for the damage, not to make a profit.

Late fines can be avoided when students return borrowed materials promptly. Their use may be needed by others.

Failure to pay fines, fees, or charges may result in the withholding of grades and credits.

[Note: Legal counsel advises that as a general rule, withholding academic benefits because of a failure to pay a fine or fee is arguably inconsistent with the District's constitutional duty to provide a "free" public education. In addition, FERPA requires the release of education records and does not include any exception for a student's failure to pay fee or fines. The District should not read this policy as an authorization to withhold academic benefits because of a student's failure to pay a fine or fee.]

STUDENT FUND-RAISING

Students participating in school-sponsored groups and activities will be allowed to solicit funds from other students, staff members, and members of the community in accordance with school guidelines. The following general rules will apply to all fund-raisers.

Students involved in the fund-raiser must not interfere with students participating in other activities when soliciting funds.

Students may not participate in a fund-raising activity conducted by a parent group, booster club, or community organization on school property without the approval of the Principal.

STUDENT VALUABLES

Students are encouraged not to bring items of value to school. Items such as jewelry, expensive clothing, electronic equipment, and the like, are tempting targets for theft and extortion. The School cannot be responsible for their safe-keeping and will not be liable for loss or damage to personal valuables.

REVIEW OF INSTRUCTIONAL MATERIALS AND ACTIVITIES

Parents have the right to review any instructional materials being used in the school. They also may observe instruction in any class, particularly those dealing with instruction in health and sex education. Any parent who wishes to review materials or observe instruction must contact the principal prior to coming to the School. Parents' rights to review teaching materials and instructional activities are subject to reasonable restrictions and limits.

MEAL SERVICE

The Board believes the development of healthy behaviors and habits with regard to eating cannot be accomplished by the District alone. It will be necessary for the school staff, in addition to parents and the public at large, to be involved in a community-wide effort to promote, support, and model such healthy behaviors and habits. Parents interested in being involved should contact Jeffery Rubley, principal.

The school participates in the National School Lunch Program and makes lunches available to students for a fee of \$2.25. Students may also bring their own lunch to school to be eaten in the school's cafeteria. No student shall be allowed to leave school premises during the lunch period without following sign-out procedures.

Applications for the school's Free and Reduced-Priced Meal program are distributed to all students. If a student does not receive one and believes that s/he is eligible, contact the elementary office at 734-529-2350, #2225.

FIRE, LOCK DOWN AND TORNADO DRILLS

The school complies with all fire safety laws and will conduct fire drills in accordance with State law. Specific instructions on how to proceed will be provided to students by their teachers who will be responsible for safe, prompt, and orderly evacuation of the building. The alarm signal for fire drills consists of loud buzzing with lights flashing throughout the school.

Tornado drills will be conducted during the tornado season using the procedures provided by the State. The alarm signal for tornadoes is different from the alarm signal for fires and lock down drills and consists of a P.A. announcement.

Lock down drills in which the students are restricted to the interior of the school building and the building secured will occur a minimum of two (2) times each school year. The alarm system for a school lock down is different from the alarm system for fires and tornadoes and consists of code words over the P.A. system.

EMERGENCY CLOSINGS AND DELAYS

If the school must be closed or the opening delayed because of inclement weather or other conditions, the School will notify the following radio and television stations:

- Honeywell Alert
- All local news networks, websites

Parents and students are responsible for knowing about emergency closings and delays.

PREPAREDNESS FOR TOXIC AND ASBESTOS HAZARDS

The School is concerned for the safety of students and attempts to comply with all Federal and State Laws and Regulations to protect students from hazards that may result from industrial accidents beyond the control of school officials or from the presence of asbestos materials used in previous construction. A copy of the School District's *Preparedness for Toxic Hazard and Asbestos Hazard Policy* and asbestos management plan will be made available for inspection at the Board offices upon request.

VISITORS

Visitors, particularly parents, are welcome at the school. In order to properly monitor the safety of students and staff, each visitor must report to the office upon entering the school to obtain a pass. Any visitor found in the building without a pass shall be reported to the principal. If a person wishes to confer with a member of the staff, s/he should call for an appointment prior to coming to the School, in order to schedule a mutually convenient time.

Students may not bring visitors to school without prior written permission from the Principal.

USE OF THE LIBRARY

The library is available to students throughout the school day from 8:30-2:00pm. Books on the shelves may be checked out for a period of one week. To check out any other materials, contact the librarian.

In order to avoid late fees, all materials checked out of the library must be returned to the library on or before the weekly due date.

USE OF SCHOOL EQUIPMENT AND FACILITIES

Students must receive the permission of the teacher before using any equipment or materials in the classroom and the permission of the Principal to use any other school equipment or facility. Students will be held responsible for the proper use and protection of any equipment or facility they are permitted to use.

LOST AND FOUND

The lost and found area is in the main foyer. Students who have lost items should check there and may retrieve their items if they give a proper description. Unclaimed items will be given to charity at various announced times throughout the school year.

STUDENT SALES

No student is permitted to sell any item or service in school without the approval of central office. Violation of this may lead to disciplinary action.

USE OF TELEPHONES

Office telephones are not to be used for personal calls. Except in an emergency, students will not be called to the office to receive a telephone call.

Students may not bring to school a pocket pager, cellular telephone, or other electronic communication device except for health or other unusual reasons approved in advance by the principal.

- 1st Offense- verbal warning, device given back at end of the school day
- 2nd Offense- confiscated device and parent has to pick up device from the office
- 3rd Offense- insubordination consequence, device confiscated and parents notified

ADVERTISING OUTSIDE ACTIVITIES

Students may not post announcements or advertisements for outside activities without receiving prior approval from the principal. The principal will try to respond to requests for approval within twenty-four (24) hours of their receipt.

SECTION II - ACADEMICS

COURSE OFFERINGS

In addition to the elementary core curriculum that consists of English/language arts, math, science, and social studies, computers, art, physical education, and music are offered.

FIELD TRIPS

Field trips are academic activities that are held off school grounds. There are also other trips that are part of the school's co-curricular and extra-curricular program. No student may participate in any school-sponsored trip without parental consent. Attendance rules apply to all field trips.

GRADES

The purpose of a grade is to indicate the extent to which the student has acquired the necessary learning. In general, students are assigned grades/feedback based on effort, achievement, and skill acquisition. Each teacher may place a different emphasis on these areas in determining a grade and will so inform the students at the beginning of the course work. If a student is not sure how his/her grade will be determined, s/he should ask the teacher.

Grading Periods

Students shall receive a report card at the end of each quarter indicating their grades for each course of study for that portion of the academic term.

When a student appears to be at risk of failure, notification will be provided to the parents so they can talk with the teacher about what actions can be taken to improve poor grades.

PROMOTION, PLACEMENT, AND RETENTION

Promotion, placement, and retention to the next grade (or level) is based on the following criteria:

1. current level of achievement (classroom data, NWEA, standardized test data)
2. potential for success at the next level
3. emotional, physical, behavioral, and/or social maturity
4. attendance
5. Light's retention scale rating

Parents are highly encouraged to follow the recommendation of the retention team regarding their student. However, parents may sign a form that allows for placement of their student when retention is recommended by the team.

HOMEWORK

The assignment of homework can be expected. Homework will be an extended learning opportunity to what is taught in class. It is expected that students complete their homework as assigned.

COMPUTER TECHNOLOGY AND NETWORKS

Before any student may take advantage of the School's computer network and the internet, s/he and his/her parents must sign an agreement which defines the conditions under which the student may participate. Failure to abide by all of the terms of the agreement may lead to termination of the student's computer account and possible disciplinary action as outlined in the Student Code of Conduct or referral to law enforcement authorities. Copies of the School District's *Student Network and Internet Acceptable Use And Safety Policy* and the requisite student and parent agreement will be distributed to kindergarteners and any enrolling students.

SECTION III - STUDENT ACTIVITIES

NONSCHOOL-SPONSORED CLUBS AND ACTIVITIES

Nonschool-sponsored student groups organized for religious, political, or philosophical reasons may meet during noninstructional hours. The applicant for permission can be obtained from the superintendent's office. The applicant must verify that the activity is being initiated by students, that attendance is voluntary, that the event will not interfere with school activities. All school rules will still apply regarding behavior and equal opportunity to participate.

No nondistrict-sponsored organization may use the name of the school or school mascot.

SECTION IV - STUDENT CONDUCT

ATTENDANCE

School Attendance Policy

It is imperative that students be in attendance each school day in order not to miss a significant portion of their education. Many important learnings result from active participation in classroom and other school activities which cannot be replaced by individual study.

Attendance is important in the development of a high quality work ethic which will be a significant factor in a student's success with future employers. One of the most important work habits that employers look for in hiring and promoting a worker is his/her dependability in coming to work every day and on time. This is a habit the School wants to help students develop as early as possible in their school careers.

Truancy

Unexcused absence from school (truancy) is not acceptable. After 15 days of truancy in any grading period, a student will be considered a "habitual truant" which can result in:

a hearing before a judge in a court of law;

a report to local authorities concerning lack of parental responsibility in providing proper care and supervision of a child.

Absences

All absences are considered absences regardless if they are excused or not. However, the office will notate when an absence is a result of an appointment, illness, or death and will not include such absences in truancy decisions.

Absences not calculated into truancy are:

- A. illness
- B. recovery from accident
- C. required court attendance
- D. professional appointments
- E. death in the immediate family
- F. observation or celebration of a legitimate religious holiday

Students with a health condition that causes repeated absence are to provide the school office with an explanation of the condition from a registered physician.

It is encouraged that parents provide an explanation for their child's absence by no later than 9AM on the day of the absence or by the following day. They are to call our attendance line at 734-529-2350, #2400 and explain the reason for the absence.

Suspension from School

Absence from school due to suspension shall be considered an authorized absence.

Option #1

A suspended student will be responsible for making up school work lost due to suspension. It is recommended that a student complete missed assignments during the suspension and turn them in to the teacher upon his/her return from school. Assignments may be obtained from the students assigned teacher(s) beginning with the first day of a suspension. Make up of missed tests may be scheduled when the student returns to school.

The student will be given credit for properly-completed assignments and a grade on any made-up tests.

Excusable, Nonapproved Absence

If a student is absent from school because of suspension or vacation, the absence will not be considered a truancy, and s/he may be given the opportunity to make up the school work that is missed.

Tardiness

A student who is not in his/her assigned location by 7:55 shall be considered tardy. Any student arriving late to school is to report to the school office before proceeding to class.

Students arriving after the first 45 minutes of school or leaving before the last 45 minutes of school will be considered $\frac{1}{2}$ absent.

Vacations During the School Year

Parents are encouraged not to take their child out of school for vacations. When a family vacation must be scheduled during the school year, the parents should discuss the matter with the principal and the student's teacher(s) to make necessary arrangements. It may be possible for the student to receive certain assignments that are to be completed during the trip. All vacation days will be unexcused.

STUDENT ATTENDANCE AT SCHOOL EVENTS

The school encourages students to attend as many school events held after school as possible, without interfering with their school work and home activities. Enthusiastic spectators help to build school spirit and encourage those students who are participating in the event.

However, in order to ensure that students attending evening events as nonparticipants are properly safe-guarded, it is strongly advised that students be accompanied by a parent or adult chaperone when they attend the event. The School will not be able to supervise unaccompanied students nor will it be responsible for students who arrive without an adult chaperone.

The school will continue to provide adequate supervision for all students who are participants in a School activity. Students must comply with the Code of Conduct at school events, regardless of the location.

CODE OF CONDUCT

A major component of the educational program at [the school] is to prepare students to become responsible workers and citizens by learning how to conduct themselves properly and in accordance with established standards.

Expected Behaviors

Each student shall be expected to:

- abide by national, State, and local laws as well as the rules of the school (BEST behavior expectation matrices);
- respect the civil rights of others;
- act courteously to adults and fellow students;
- be prompt to school and attentive in class;
- work cooperatively with others when involved in accomplishing a common goal, regardless of the other's ability, gender, race, religion, height, weight, disability, or ethnic background;
- complete assigned tasks on time and as directed;
- help maintain a school environment that is safe, friendly, and productive;
- act at all times in a manner that reflects pride in self, family, and in the school.

Dress and Grooming

While fashion changes, the reason for being in school does not. Students are in school to learn. Any fashion (dress, accessory, or hairstyle) that disrupts the educational process or presents a safety risk will not be permitted. Personal expression is permitted within these general guidelines.

Students should consider the following questions when dressing for school:

- Does my clothing expose too much? (no)
- Does my clothing advertise something that is prohibited to minors? (no)
- Are there obscene, profane, drug-related, gang-related, or inflammatory messages on my clothing? (no)
- Would I interview for a job in this outfit? (yes)
- Am I dressed appropriately for the weather? (yes)
- Do I feel comfortable with my appearance? (yes)

If a student has selected a manner of appearance that is beyond mere freedom of expression and disrupts the educational process or presents risk to themselves or others, they may be removed from the educational setting.

The following styles or manners of dress are prohibited:

1. Any distracting, immodest or bizarre clothing, jewelry or make-up is not permitted. This includes clothing with **gang insignias, profanity**, tobacco, alcohol, drug logos or sexual connotations or other inappropriate symbols. (Examples: "Big Johnson's", "Hooters", "Coed Naked Shirts", etc.) .

2. Tank tops **that reveal undergarments** or **open** muscle shirts are not permitted unless they are worn in combination with other clothing that meets dress code requirements.
3. Hats, sweatshirt hoods, sweatbands, bandanas (male or female) or dark glasses are not to be worn inside the school. Dark glasses may be worn if prescribed by a doctor.
4. Halter tops, spaghetti straps, bare midriff apparel, **or tops that bare cleavage** are not allowed. Slit skirts, boxer short or pants that expose normally covered areas of the body are not allowed.
5. Bare feet are not allowed. **Only hard-soled** shoes or sandals must be worn.
6. Any type of style of “see through” or sheer clothing that exposes normally covered areas of the body or undergarments are not permitted.
7. Spandex **or any similar skin-tight fabric** is not permitted unless worn under shorts or other apparel that conforms to the dress code.

The School Administration reserves the right to make the determination of any student in question of violating the dress code.

Students who are representing Dundee Elementary at an official function or public event may be required to follow specific dress requirements. Usually, this applies to athletic teams, cheerleaders, bands, and other such groups.

Gangs

Gangs which initiate, advocate or promote activities which threaten the safety or well-being of persons or which are disruptive to the school environment are not tolerated.

Incidents involving initiations, hazing, intimidations or related activities which are likely to cause harm or personal degradation are prohibited.

Students wearing, carrying or displaying gang paraphernalia or exhibiting behaviors or gestures which symbolize gang membership or causing and/or participating in activities which are designed to intimidate another student will be disciplined. Prohibited gang paraphernalia will be specifically identified and posted by the building principal.

Care of Property

Students are responsible for the care of their own personal property. The school will not be responsible for personal property. Valuables such as jewelry or irreplaceable items should not be brought to school. The school may confiscate such items and return them to the student's parents.

Damage to or loss of school equipment and facilities wastes taxpayers' money and undermines the school program. Therefore, if a student does damage to or loses school property, the student or his/her parents will be required to pay for the replacement or damage. If the damage or loss was intentional, the student will also be subject to discipline according to the Student Discipline Code.

STUDENT DISCIPLINE CODE

The Board of Education has adopted the following Student Discipline Code. The Code includes the types of misconduct that will subject a student to disciplinary action. The Board has also adopted the list of behaviors and the terms contained in the list.

It is the school staff's responsibility to provide a safe and orderly learning environment. History has shown that certain student actions are not compatible with a "safe" and "orderly" environment. Discipline is within the sound discretion of the School's staff and administration. Due process ensures that disciplinary action is imposed only after review of the facts and/or special circumstances of the situation.

EXPLANATION OF TERMS APPLYING TO THE STUDENT DISCIPLINE CODE

(Organized by Rule Number)

Each of the behaviors described below may subject the student to disciplinary action including suspension and/or expulsion from school.

1. Use of drugs

A student's use or sale of a performance-enhancing substance is a violation that will affect the student's athletic eligibility and extracurricular participation.

The Department of Community Health periodically distributes to the District the list of banned drugs based on bylaw 31.2.3.1 of the National Collegiate Athletic Association. Use of any drugs or substances appearing on this list will affect the student's athletic and extracurricular participation.

The school has a "Drug Free" zone that extends 1000 feet beyond the school boundaries as well as to any school activity and transportation. This means that any activity, possession, sale, distribution, or use of drugs, alcohol, fake drugs, steroids, inhalants, or look-alike drugs is prohibited. Attempted sale or distribution is also prohibited. If caught, the student could be suspended or expelled and law enforcement officials may be contacted. Sale also includes the possession or sale of over-the-counter medication to another student.

The sale, distribution, possession, or use of drugs, alcohol, fake drugs, steroids, inhalants, or look-alike drugs that has a negative effect on the school environment is prohibited. Attempted sale or distribution is also prohibited. This includes nonalcoholic beers and wines, and the like. Many drug abuse offenses are also felonies. Sale also includes the possession or sale of over-the-counter medication to another student.

2. Use of Breath-Test Instruments

The principal may arrange for a breath test for blood-alcohol to be conducted on a student whenever s/he has individualized reasonable suspicion to believe that a student has consumed an alcoholic beverage.

The student will be taken to a private administrative or instructional area on school property with at least one (1) other member of the teaching or administrative staff present as a witness to the test.

The purpose of the test is to determine whether or not the student has consumed an alcoholic beverage. The amount of consumption is not relevant, except where the student may need medical attention.

If the result indicates a violation of school rules as described in this handbook, the student will be disciplined in accordance with disciplinary procedures described in this handbook. If a student refuses to take the test, s/he will be advised that such denial will be considered an admission of alcohol use with the consequent discipline invoked. The student will then be given a second opportunity to take the test.

3. Use of tobacco

Smoking and other tobacco uses are a danger to a student's health and to the health of others. The school prohibits the sale, distribution, use, or possession of any form of tobacco or electronic cigarettes or similar devices during school time or at any school activity. This prohibition also applies when going to and from school and at school bus stops. Violations of this rule could result in suspension or expulsion. "Use of tobacco" shall mean all uses of tobacco, including cigars, cigarettes, or pipe tobacco, chewing tobacco, snuff, or any other matter or substance that contains tobacco, in addition to papers used to roll cigarettes. The display of unlighted cigars, cigarettes, pipes, other "smoking" paraphernalia or tobacco products on one's person is also prohibited by this policy.

4. Student disorder/demonstration

Students will not be denied their rights to freedom of expression, but the expression may not infringe on the rights of others. Disruption of any school activity will not be allowed. If a student (or students) feels there is need to organize some form of demonstration, s/he is encouraged to contact the Principal to discuss the proper way to plan such an activity. Students who disrupt the school may be subject to suspension or expulsion.

5. Possession of a weapon

A weapon includes, but is not limited to, firearms, guns of any type whatsoever including air and gas-powered guns (whether loaded or unloaded), knives, razors, clubs, electric weapons, metallic knuckles, martial arts weapons and explosives. It may also include any toy that is presented as a real weapon or reacted to as a real weapon. Criminal charges may be filed for this violation. Possession of a weapon may subject a student to expulsion and possible permanent exclusion. It makes no difference whether or not the weapon belongs to someone else, unless the student can provide convincing evidence that the weapon was placed in the student's possession without his/her knowledge. If it can be confirmed that a weapon was brought on District property by a student other than the one who possessed the weapon, that student shall also be subject to the same disciplinary action.

State law may require that a student be permanently expelled from school, subject to a petition for possible reinstatement if s/he brings onto or has in his/her possession on school property or at a school-related activity any of the following:

- A. any explosive, incendiary, or poison gas including bombs, grenades, rockets, missiles, mines, or device that can be converted into such a destructive item

© 2013 NEOLA, Inc.

- B. any cutting instrument consisting of a sharp blade over three (3) inches long fastened to a handle
- C. any similar object that is intended to invoke bodily harm or fear of bodily harm (e.g. air gun, blow-gun, toy gun, etc.)

6. Use of an object as a weapon

Any object that is used to threaten, harm, or harass another may be considered a weapon. This includes but is not limited to padlocks, pens, pencils, laser pointers, jewelry and so on. Intentional injury to another can be a felony and/or a cause for civil action. This violation may subject a student to expulsion.

7. Knowledge of Dangerous Weapons or Threats of Violence

Because the Board believes that students, staff members, and visitors are entitled to function in a safe school environment, students are required to report knowledge of dangerous weapons or threats of violence to the principal. Failure to report such knowledge may subject the student to discipline.

8. Purposely setting a fire

Anything, such as fire, that endangers school property and its occupants will not be tolerated. Arson is a felony and may be subject to expulsion.

9. Physically assaulting a staff member/student/person associated with the District

Physical assault at school against a District employee, volunteer, or contractor which may or may not cause injury may result in charges being filed and may subject the student to expulsion. Physical assault is defined as “intentionally causing or attempting to cause physical harm to another through force or violence.”

10. Verbally threatening a staff member/student/person associated with the District

Verbal assault at school against a District employee, volunteer, or contractor or making bomb threats or similar threats directed at a school building, property, or a school-related activity will be considered verbal assault. Verbal threats or assault may result in suspension and expulsion. Verbal assault is a communicated intent to inflict physical or other harm on another person, with a present intent and ability to act on the threat.

11. Extortion

Extortion is the use of threat, intimidation, force, or deception to take, or receive something from someone else. Extortion is against the law. Violations of this rule will result in disciplinary action up to and including suspension or expulsion.

12. Gambling

Gambling includes casual betting, betting pools, organized-sports betting, and any other form of wagering. Students who bet on an activity in which they are involved may also be banned from that activity. Violations of this rule could result in suspension or expulsion.

13. Falsification of school work, identification, forgery

Forgery of hall/bus passes and excuses as well as false I.D.'s are forms of lying and are not acceptable.

Plagiarism and cheating are also forms of falsification and subject the student to academic penalties as well as disciplinary action. Violations of this rule could result in suspension or expulsion.

14. False alarms, false reports, and bomb threats

A false emergency alarm, report or bomb threat endangers the safety forces that are responding, the citizens of the community, and persons in the building. What may seem like a prank is a dangerous stunt. Violations of this rule could result in suspension or expulsion.

15. Explosives

Explosives, fireworks, and chemical-reaction objects such as smoke bombs, pipe bombs, bottle bombs, small firecrackers, and poppers are forbidden and dangerous. Violations of this rule could result in suspension or expulsion.

16. Trespassing

Although schools are public facilities, the law does allow the school to restrict access on school property. If a student has been removed, suspended, or expelled, the student is not allowed on school property without authorization of the Principal. In addition, students may not trespass onto school property at unauthorized times or into areas of the school determined to be inappropriate. Violations of this rule could result in suspension or expulsion.

17. Theft

When a student is caught stealing school or someone's property, s/he will be disciplined and may be reported to law enforcement officials. Students are encouraged not to bring anything of value to school that is not needed for learning without prior authorization from their teacher. The school is not responsible for personal property. Theft may result in suspension or expulsion.

18. Disobedience

School staff is acting "in loco parentis," which means they are allowed, by law, to direct a student as would a parent. This applies to all staff, not just teachers assigned to a student. If given a reasonable direction by a staff member, the student is expected to comply. Chronic disobedience can result in expulsion.

19. Damaging property

Vandalism and disregard for school property will not be tolerated. Violations could result in suspension or expulsion.

20. Persistent absence or tardiness

Attendance laws require students to be in school all day or have a legitimate excuse. It is also important to establish consistent attendance habits in order to succeed in school and in the world-of-work. Excessive absence could lead to suspension from school.

21. Unauthorized use of school or private property

Students are expected to obtain permission to use any school property or any private property located on school premises. Any unauthorized use shall be subject to disciplinary action. This includes use of the internet and communication networks in a manner not sanctioned by policy and administrative guideline. Violations of this rule could result in suspension or expulsion.

22. Refusing to accept discipline

The school may use informal discipline to prevent the student from being removed from school. When a student refuses to accept the usual discipline for an infraction, the refusal can result in a sterner action such as suspension or expulsion.

23. Aiding or abetting violation of school rules

If a student assists another student in violating any school rule, they will be disciplined and may be subject to suspension or expulsion. Students are expected to resist peer pressure and exercise sound decision-making regarding their behavior.

24. Displays of affection

Students demonstrating affection between each other is personal and not meant for public display. This includes touching, petting, or any other contact that may be considered sexual in nature. Such behavior may result in suspension from school or possibly expulsion.

25. Possession of Wireless Communication Devices (WCDs)

Reasonable suspicion that a communication device has been used to violate District policies or administrative guidelines shall be subject to disciplinary action and may result in the communication device being confiscated.

Except as authorized under Board policy, use of WCDs and electronic storage devices in school, on school property, at after school activities and at school-related functions will be subject to disciplinary action.

The school prohibits the use of any video device from any restroom, locker room or other location where students and staff “have a reasonable expectation of privacy.” A student improperly using any device to take or transmit images will face disciplinary action up to and including suspension, loss of privileges, and may be recommended for expulsion.

“Sexting” is prohibited at any time on school property or at school functions. Sexting is the electronic transmission of sexual messages or pictures, usually through cell phone text messaging. Such conduct not only is potentially dangerous for the involved students, but can lead to unwanted exposure of the messages and images to others, and could result in criminal violations related to the transmission or possession of child pornography. Such conduct will be subject to discipline and possible confiscation of the WCD.

Taking or transmitting images or messages during testing is also prohibited. If a student is caught transmitting images or messages during testing, s/he may fail the exam and/or be suspended.

26. Violation of individual school/classroom rules

Each learning environment has different rules for students. Individual rules are for the safe and orderly operation of that environment. Students will be oriented to specific rules, all of which will be consistent with the policy of the school. Persistent violations of rules could result in suspension or expulsion.

27. Violation of bus rules

Please refer to Section V on transportation for bus rules (or please refer to bus rules provided by _____).

28. Disruption of the educational process

Any actions or manner of dress that interferes with school activities or disrupts the educational process is unacceptable. Such disruptions also include delay or prevention of lessons, assemblies, field trips, athletic, and performing arts events.

29. Harassment

Harassment of students is prohibited, and will not be tolerated. This includes inappropriate conduct by other students as well as any other person in the school environment, including employees, Board members, parents, guests, contractors, vendors and volunteers. It is the policy of the District to provide a safe and nurturing educational environment for all of its students. This policy applies to all activities on school property and to all school sponsored activities whether on or off school property.

Harassment is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical or emotional well being. This would include harassment based on any of the legally protected characteristics, such as sex, race, color, national origin, religion, height, weight, marital status or disability. This policy, however, is not limited to these legal categories and includes any harassment that would negatively impact students.

Harassment through any means, including electronically transmitted methods (e.g., internet, telephone or cell phone, personal digital assistant (PDA), computer or wireless hand held device), may be subject to District disciplinary procedures. Such behavior is considered harassment whether it takes place on or off school property, at any school-sponsored function, or in a school vehicle if it is considered to have a negative impact on the school environment.

Any student that believes s/he has been/or is the victim of harassment should immediately report the situation to the teacher, the director of student services, and/or the principal. Complaints will be investigated in accordance with AG 5517.

Every student should, and every staff member **must** report any situation that they believe to be improper harassment of a student. Reports may be made to those identified above.

If the investigation finds harassment occurred it will result in prompt and appropriate remedial action. This may include up to expulsion for students, up to discharge for employee, exclusion for parents, guests, volunteers and contractors, and removal from any officer position and/or a request to resign for Board members.

Retaliation against any person for complaining about harassment, or participating in a harassment investigation, is prohibited. Suspected retaliation should be reported in the same manner as harassment. Intentionally false harassment reports, made to get someone in trouble, are also prohibited. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

The following definitions are provided for guidance only. If a student or other individual believes there has been harassment, regardless of whether it fits a particular definition, s/he should report it and allow the administration to determine the appropriate course of action.

Harassment

- A. submission to such unwelcomed conduct or communication is made either an explicit or implicit condition of utilizing or benefiting from the services, activities, or programs of the School District;
- B. submission to, or rejection of, the unwelcomed conduct or communication is used as the basis for a decision to exclude, expel or limit the harassed student in the terms, conditions or privileges of the School District;
- C. the unwelcomed conduct or communication interferes with the student's education, creates an intimidating, hostile or offensive environment, or otherwise adversely affects the student's educational opportunities. This may include racial slurs, mocking behavior, or other demeaning comments.

Sexual Harassment, may include, but is not limited to:

- A. verbal harassment or abuse;
- B. pressure for sexual activity;
- C. repeated remarks with sexual or demeaning implications;
- D. unwelcome touching;
- E. sexual jokes, posters, cartoons, etc.;
- F. suggesting or demanding sexual involvement, accompanied by implied or explicit threats concerning one's grades, or safety,;
- G. a pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another;
- H. remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history.

[Note: An inappropriate boundary invasion by a District employee or other adult member of the School District community into a student's personal space and personal life is sexual harassment. Further, any administrator, teacher, coach, other school authority who engages in sexual or other inappropriate physical contact with a student may be guilty of criminal "child abuse" as defined in State law. M.C.L. 722.621 et. seq.]

29a. Hazing

The Board of Education believes that hazing activities of any type are inconsistent with the educational process and prohibits all such activities at any time in school facilities, on school property, and at any District-sponsored event.

Hazing shall be defined for purposes of this policy as performing any act or coercing another, including the victim, to perform any act of initiation into any class, group, or organization that causes or creates a risk of causing mental, emotional, or physical harm. Permission, consent, or assumption of risk by an individual subjected to hazing shall not lessen the prohibitions contained in this policy.

Hazing – any type of initiation procedure for any school related activity, which involves conduct such as but not limited to:

- A. illegal activity, such as drinking or drugs;
- B. physical punishment or infliction of pain
- C. intentional humiliation or embarrassment;
- D. dangerous activity;
- E. activity likely to cause mental or psychological stress;
- F. forced detention or kidnapping;
- G. undressing or otherwise exposing initiates.

[Note: If the school club or organization does not have an official and approved initiation procedure, and if no school staff are involved in the activity, there is a significant likelihood that the activity may result in violation of this policy.]

29b. Bullying and Other Aggressive Behavior

It is the policy of the District to provide a safe and nurturing educational environment for all of its students.

This policy protects all students from bullying/aggressive behavior regardless of the subject matter or motivation for such impermissible behavior.

Bullying or other aggressive behavior toward a student, whether by other students, staff, or third parties, including Board members, parents, guests, contractors, vendors, and volunteers, is strictly prohibited. This prohibition includes written, physical, verbal, and psychological abuse, including hazing, gestures, comments, threats, or actions to a student, which cause or threaten to cause bodily harm, reasonable fear for personal safety or personal degradation.

Demonstration of appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying is expected of administrators, faculty, staff, and volunteers to provide positive examples for student behavior.

This policy applies to all "at school" activities in the District, including activities on school property, in a school vehicle, and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, or where an employee is engaged in school business. Misconduct occurring outside of school may also be disciplined if it interferes with the school environment.

Notification

Notice of this policy will be annually circulated to and posted in conspicuous locations in all school buildings and departments within the District and discussed with students, as well as incorporated into the teacher, student, and parent/guardian handbooks. State and Federal rights posters on discrimination and harassment shall also be posted at each building. All new hires will be required to review and sign off on this policy and the related complaint procedure.

Parents or legal guardians of the alleged victim(s), as well as of the alleged aggressor(s), shall be promptly notified of any complaint or investigation as well as the results of the investigation to the extent consistent with student confidentiality requirements. A record of the time and form of notice or attempts at notice shall be kept in the investigation file.

To the extent appropriate and/or legally permitted, confidentiality will be maintained during the investigation process. However, a proper investigation will, in some circumstances, require the disclosure of names and allegations. Further, the appropriate authorities may be notified, depending on the nature of the complaint and/or the results of the investigation.

Implementation

The Superintendent is responsible to implement this policy, and may develop further guidelines, not inconsistent with this policy.

This policy is not intended to and should not be interpreted to interfere with legitimate free speech rights of any individual. However, the District reserves the right and responsibility to maintain a safe environment for students, conducive to learning and other legitimate objectives of the school program.

Procedure

Any student who believes s/he has been or is the victim of bullying, hazing, or other aggressive behavior should immediately report the situation to the Principal or assistant principal. The student may also report concerns to a teacher or counselor who will be responsible for notifying the appropriate administrator or Board official. Complaints against the building principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. Reports shall be made to those identified above. Reports may be made anonymously, but formal disciplinary action may not be taken solely on the basis of an anonymous report.

The Principal (or other administrator as designated) shall promptly investigate and document all complaints about bullying, aggressive or other behavior that may violate this policy. The investigation must be completed as promptly as the circumstances permit.

If the investigation finds an instance of bullying or aggressive behavior has occurred, it will result in prompt and appropriate remedial action. This may include up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement or other appropriate officials.

The individual responsible for conducting the investigation shall document all reported incidents and report all verified incidents of bullying, aggressive or other prohibited behavior, as well as any remedial action taken, including disciplinary actions and referrals, to the Superintendent. The Superintendent shall submit a compiled report to the Board on an annual basis.

Non-Retaliation/False Reports

Retaliation or false allegations against any person who reports, is thought to have reported, files a complaint, participates in an investigation or inquiry concerning allegations of bullying or aggressive behavior (as a witness or otherwise), or is the target of the bullying or aggressive behavior being investigated, is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy, independent of whether a complaint of bullying is substantiated. Suspected retaliation should be reported in the same manner as bullying/aggressive behavior.

Making intentionally false reports about bullying/aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

The District shall provide, and all administrators, school employees, contracted employees and volunteers who have significant contact with students shall undertake annual bullying training on preventing, identifying, responding to, and reporting incidents of bullying, cyber bullying and other aggressive behavior.

Definitions

The following definitions are provided for guidance only. If a student or other individual believes there has been bullying, hazing, harassment or other aggressive behavior, regardless of whether it fits a particular definition, s/he should report it immediately and allow the administration to determine the appropriate course of action.

"Aggressive behavior" is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional well-being. Such behavior includes, for example, bullying, hazing, stalking, intimidation, menacing, coercion, name-calling, taunting, making threats, and hitting/pushing/shoving.

"At School" is defined as in a classroom, elsewhere on school premises, on a school bus or other school related vehicle, or at a school-sponsored activity or event whether or not it is held on school premises. It also includes conduct using a telecommunications access device or telecommunications service provider that occurs off school premises if either owned by or under the control of the District.

"Bullying" is defined as any gesture or written, verbal, graphic, or physical act (including electronically transmitted acts – i.e. internet, telephone or cell phone, personal digital assistant (PDA), or wireless hand held device) that, without regard to its subject matter or motivating animus, is intended or that a reasonable person would know is likely to harm one (1) or more students either directly or indirectly by doing any of the following:

- A. substantially interfering with educational opportunities, benefits, or programs of one (1) or more students;
- B. adversely affecting the ability of a student to participate in or benefit from the school district's educational programs or activities by placing the student in reasonable fear of physical harm or by causing substantial emotional distress;
- C. having an actual and substantial detrimental effect on a student's physical or mental health; and/or
- D. causing substantial disruption in, or substantial interference with, the orderly operation of the school.

Bullying can be physical, verbal, psychological, or a combination of all three. Some examples of bullying are:

- A. Physical – hitting, kicking, spitting, pushing, pulling; taking and/or damaging personal belongings or extorting money, blocking or impeding student movement, unwelcome physical contact.
- B. Verbal – taunting, malicious teasing, insulting, name calling, making threats.
- C. Psychological – spreading rumors, manipulating social relationships, coercion, or engaging in social exclusion/shunning, extortion, or intimidation. This may occur in a number of different ways, including but not limited to notes, emails, social media postings, and graffiti.

"Harassment" includes, but is not limited to, any act which subjects an individual or group to unwanted, abusive behavior of a nonverbal, verbal, written or physical nature, often on the basis of age, race, religion, color, national origin, marital status or disability, but may also include sexual orientation, physical characteristics (e.g., height, weight, complexion), cultural background, socioeconomic status, or geographic location (e.g., from rival school, different state, rural area, city, etc.).

"Intimidation/Menacing" includes, but is not limited to, any threat or act intended to: place a person in fear of physical injury or offensive physical contact; to substantially damage or interfere with person's property; or to intentionally interfere with or block a person's movement without good reason.

"Staff" includes all school employees and Board members.

"Third parties" include, but are not limited to, coaches, school volunteers, parents, school visitors, service contractors, vendors, or others engaged in District business, and others not directly subject to school control at inter-district or intra-district athletic competitions or other school events.

For further definition and instances that could possibly be construed as:

Harassment, see Policy 5517;

Hazing, see Policy 5516.

Policies on Bullying, Michigan State Board of Education

30. Possession of a Firearm, Arson, and Criminal Sexual Conduct

In compliance with State law, the Board shall permanently expel any student who possesses a dangerous weapon in a weapon-free school zone or commits either arson or criminal sexual conduct in a District building or on District property, including school buses and other school transportation.

A dangerous weapon is defined as "a firearm, dagger, dirk, stiletto, knife with a blade over three (3) inches in length, pocket knife opened by a mechanical device, iron bar, or brass knuckles" or other devices designed to or likely to inflict bodily harm, including, but not limited to, air guns and explosive devices.

Students shall be subject to disciplinary action (Suspension/Expulsion) as required by statute for such specified offenses as physical and verbal assault (see Policy 5610.01).

Students with disabilities under IDEA or Section 504 shall be expelled only in accordance with Board Policy 2461 and Federal due process rights appropriate to students with disabilities. A student who has been expelled under this policy may apply for reinstatement in accordance with guidelines which are available in the principal's office.

Criminal acts

Any student engaging in criminal acts at or related to the school will be reported to law enforcement officials as well as disciplined by the school. It is not considered double jeopardy (being tried twice for the same crime), when school rules and the law are violated.

Students should be aware that state law requires that school officials, teachers and appropriate law enforcement officials be notified when a student of this District is involved in crimes related to physical violence, gang related acts, illegal possession of a controlled substance, analogue or other intoxicants, trespassing, property crimes, including but not limited to theft and vandalism, occurring in the school as well as in the community.

Safety Concerns

Students should not use roller blades, bicycles, skateboards scooters, or any other form of personal transportation device in school hallways or District pedestrian traffic areas. Exceptions may be made to reasonably accommodate students with mobility impairments. Use of any means of travel within buildings and on grounds by other than generally accepted practices where appropriate is prohibited. Students violating this expectation will be subject to disciplinary action.

Profanity

Any behavior or language, which in the judgement of the staff or administration, is considered to be obscene, disrespectful, vulgar, profane and/or violates community held standards of good taste will be subject to disciplinary action.

DISCIPLINE

It is important to remember that the school's rules apply going to and from school, at school, on school property, at school-sponsored events, and on school transportation. In some cases, a student can be suspended from school transportation for infractions of school bus rules.

Ultimately, it is the principal's responsibility to keep things orderly. In all cases, the School shall attempt to make discipline prompt and equitable and to have the punishment match the severity of the incident.

Two types of discipline are possible, informal and formal.

Informal Discipline

Informal discipline takes place within the school. It includes:

- change of seating or location;
- lunch-time/recess detention
- after-school detention;
- in-school restriction
- Saturday school.

Detentions

A student may be detained after school or asked to come to school early by a teacher, after giving the student and his/her parents notice. The student or his/her parents are responsible for transportation. [NOTE: If the school has an activity bus, you may wish to indicate its use as an alternative to parent-provided transportation.]

Saturday School

The Saturday school will be in session from 8m to 10am and will be supervised by two adult employees.

Assigned students will attend a continuous 2 hour period during which time they will be permitted one 10 minute break at 9:00 a.m. Each student shall arrive with sufficient educational materials to remain busy during this two hour study period.

A student missing any portion of his/her assigned time during in-school restriction **or** Saturday school may be given an additional consequence. Failure to timely serve in-school restriction **or** Saturday school assignment(s) may lead to a suspension from school for a period not to exceed one day. Any such suspension shall be in accordance with District guidelines on suspension and expulsion.

The following rules shall apply to both in-school restriction and to Saturday school:

Students are required to have class assignments with them.

Students are not to communicate with each other unless given special permission to do so.

Students are to remain in their designated seats at all times unless permission is granted to do otherwise.

Students shall not be allowed to put their heads down or sleep.

No radios, cards, magazines, or other recreational articles shall be allowed in the room;

No food or beverages shall be consumed.

Transportation to and from Saturday school shall be the responsibility of the student's parent(s)/guardian(s).

Formal Discipline

Formal discipline removes the student from school. It includes emergency removal for up to seventy-two (72) hours, suspension for up to ten (10) school days, and expulsion from school. Suspensions and expulsions may carry over into the next school year. Removal for less than one (1) school day without the possibility of suspension or expulsion may not be appealed. Suspension and expulsion can be appealed.

Students being considered for suspension or expulsion are entitled to an informal hearing with the building administrator, prior to removal, at which time the student will be notified of the charges against him/her and given an opportunity to make a defense.

If a student is suspended, the parents may appeal the suspension, by following due process and appeal procedures.

Due Process and Appeal Procedures

The constitutional rights of individuals assure the protection of due process of law. Therefore, this system of constitutionally and legally sound procedures is developed with regard to the administration of discipline in the Dundee Community Schools. Federal constitutional law does not require a board level hearing except in cases involving long term suspensions (potentially eleven (11) days or more).

1. The hallmark of the exercise of disciplinary action shall be reasonableness and fairness.

2. Every effort shall be made by administrators and faculty members to resolve problems through effective utilization of school district resources in cooperation with the student and his/her parent or guardian.
3. Suspension of one (1) to eleven (10) days.
 - A. An informal meeting with the principal will be held prior to suspension.
 - i. The student will be presented with oral or written notice of the specific charges, which are the basis for disciplinary action to be taken against him/her and an explanation of the evidence against him/her.
 - ii. The student will have the right to present any relevant information that will support his/her defense.
 - iii. If the school principal suspends the student, the principal will notify the parents as soon as possible of the suspension, the reason for it and the steps required for the student's return. The principal will meet with the parents or guardians and the student to plan the satisfactory return of the student to the school setting, if requested.
 - B. Unfavorable decisions in suspension of one (1) to four (10) days may be appealed to the superintendent.
 - i. Such appeals shall be made within the period of suspension. During the time of the appeal to the superintendent, the student will remain out of school. The superintendent shall affirm or modify the terms of the principal's action within two (2) working days of the appeal. The superintendent's decision in cases of short-term suspensions (one (1) to four (4) days) shall be final.
 - ii. A suspension of more than ten (10) days must have superintendent approval through the Board of Education. A hearing with the Board of Education or Board Committee will be granted after a written request for a hearing or appeal is received by the superintendent. Only in unfavorable decisions of suspensions of (10) days or more may appeals be made to the board of education, which shall review the decision to determine if competent material and substantial evidence supports the decision.

HEARING PROCEDURES – BOARD OF EDUCATION

The following procedural guidelines will govern the expulsion/suspension process of the board of education.

1. Written notice of charges against a student will be supplied to the student and his/her parent/guardian. Included within this notice shall be a statement of time and place for the hearing. The time shall be reasonable for the parties involved.
2. Parents or guardians should be present at the hearing.
3. Legal counsel may represent the student, parent/guardian.
4. The student shall be given an opportunity to give his/her version of the facts. He/she should be allowed to offer the testimony of other witnesses and other evidence. Discipline of Students with Disabilities

Students with disabilities are entitled to the rights and procedures afforded by the Individuals with Disabilities Education Act (I.D.E.A.) and the Americans with Disabilities Act (A.D.A.), or Section 504 of the Rehabilitation Act of 1973.

SEARCH AND SEIZURE

Search of a student and his/her possessions, including vehicles, may be conducted at any time the student is under the jurisdiction of the Board of Education, if there is a reasonable suspicion that the student is in violation of law or school rules. A search may also be conducted to protect the health and safety of others. All searches may be conducted with or without a student's consent.

Students are provided lockers, desks, and other equipment in which to store materials. It should be clearly understood that this equipment is the property of the school and may be searched at any time if there is reasonable suspicion that a student has violated the law or school rules. Locks are to prevent theft, not to prevent searches. If student lockers require student-provided locks, each student must provide the lock's combination or key to the principal.

Anything that is found in the course of a search that may be evidence of a violation of school rules or the law may be taken and held or turned over to the police. The school reserves the right not to return items which have been confiscated. In the course of any search, students' privacy rights will be respected regarding any items that are not illegal or against school policy.

All computers located in classrooms, labs and offices of the District are the District's property and are to be used by students, where appropriate, solely for educational purposes. The District retains the right to access and review all electronic, computer files, databases, and any other electronic transmissions contained in or used in conjunction with the District's computer system, and electronic mail. Students should have no expectation that any information contained on such systems is confidential or private.

Review of such information may be done by the District with or without the student's knowledge or permission. The use of passwords does not guarantee confidentiality, and the District retains the right to access information in spite of a password. All passwords or security codes must be registered with the instructor. A student's refusal to permit such access may be grounds for disciplinary action.

STUDENT RIGHTS OF EXPRESSION

The School recognizes the right of students to express themselves. With the right of expression comes the responsibility to do it appropriately. Students may distribute or display, at appropriate times, nonsponsored, noncommercial written material and petitions; buttons, badges, or other insignia; clothing, insignia, and banners; and audio and video materials. All items must meet the following school guidelines:

- A. A material cannot be displayed if it:
 - 1. is obscene to minors, libelous, indecent and pervasively or vulgar,
 - 2. advertises any product or service not permitted to minors by law,
 - 3. intends to be insulting or harassing,
 - 4. intends to incite fighting or presents a likelihood of disrupting school or a school event.
 - 5. Presents a clear and present likelihood that, either because of its content or manner of distribution or display, it causes or is likely to cause a material and substantial disruption of school or school activities, a violation of school regulations, or the commission of an unlawful act.

- B. Materials may not be displayed or distributed during class periods, or during passing times between classes. Permission may be granted for display or distribution during lunch periods and after school in designated locations, as long as exits are not blocked and there is proper access and egress to the building.

Students who are unsure whether or not materials they wish to display meet school guidelines may present them to the school principal twenty-four (24) hours prior to display.

STUDENT CONCERNS, SUGGESTIONS, AND GRIEVANCES

The school is here for the benefit of the students. The staff is here to assist each student in becoming a responsible adult. If a student has suggestions that could improve the school, s/he should feel free to offer them. Written suggestions may be presented directly to the principal or to the student government.

When concerns or grievances arise, the best way to resolve the issue is through communication. No student will be harassed by any staff member or need fear reprisal for the proper expression of a legitimate concern. Any suggestions, concerns, and grievances may be directed to the principal or to the student government.

A student may have the right to a hearing if the student believes s/he has been improperly denied participation in a school activity or has been subjected to an illegal rule or standard. A student may not petition to have a change in grade.

SECTION V - TRANSPORTATION

BUS TRANSPORTATION TO SCHOOL

The school provides transportation for all students who live farther than one mile from school. The transportation schedule and routes are available by contacting the Director of Transportation at 734-529-2265.

Students may only ride assigned school buses and must board and depart from the bus at assigned bus stops. Students will not be permitted to ride unassigned buses for any reason other than an emergency, except as approved by the principal.

The building principal may approve a change in a student's regular assigned bus stop to address a special need, upon the principal's approval of a note from parent stating the reason for the request and the duration of the requested change.

BUS CONDUCT

Students who are riding to and from school on transportation provided by the school are required to follow all basic safety rules. This applies to school-owned buses as well as any contracted transportation.

The driver may assign seating or direct students in any reasonable manner to maintain that transportation safety.

Students must comply with the following basic safety rules:

Previous to loading (on the road and at school)

Each student shall:

be on time at the designated loading zone 5 minutes prior to scheduled stop);

stay off the road at all times while walking to and waiting for the school transportation;

line up single file off the roadway to enter;

wait until the school transportation is completely stopped before moving forward to enter;

refrain from crossing a highway until the driver signals it is safe to cross;

go immediately to a seat and be seated.

It is the parents' responsibility to inform the bus driver when their child will not be aboard school transportation. The bus will not wait. Drivers will not wait for students who are not at their designated stops on time.

During the trip

Each student shall:

- remain seated while the school transportation is in motion;
- keep head, hands, arms, and legs inside the school vehicle at all times;
- not litter in the school vehicle or throw anything from the vehicle;
- keep books, packages, coats, and all other objects out of the aisle;
- be courteous to the driver and to other riders;
- not eat or play games, cards, etc.;
- not tamper with the school vehicle or any of its equipment.

Leaving the bus

Each student shall:

- remain seated until the vehicle has stopped;
- cross the road, when necessary, at least ten (10) feet in front of the vehicle, but only after the driver signals that it is safe;
- be alert to a possible danger signal from the driver.

The driver will not discharge students at places other than their regular stop at home or at school unless s/he has proper authorization from school officials.

VIDEOTAPES ON SCHOOL BUSES

The Board of Education may install video cameras on school buses to monitor student behavior. Actual videotaping of the students on any particular bus will be done on a random-selection basis.

If a student misbehaves on a bus and his/her actions are recorded on a videotape, the tape will be submitted to the principal and may be used as evidence of the misbehavior. Since these tapes are considered part of a student's record, they can be viewed only in accordance with Federal law.

PENALTIES FOR INFRACTIONS

A student who misbehaves on the bus shall be disciplined in accordance with the Student Discipline Code and may lose the privilege of riding on the bus.
